How to find a HS Code for a given Commodity

Method 1:

## Harmonized System (HS) code from overseas exporters/ Shippers

All importers and exporters who intend to import to or export from the Marshall Islands will be required to state the eight-digit Harmonized System (HS) code for commodities when submitting ASUCUDAWorld declarations.

Traders and importers are encouraged and advised to obtain the relevant eight-digit HS codes from the overseas exporters, together with other details, at the time of requesting a pro forma or commercial invoice.

Method 2:
